

COVID-19 TENNIS PROTOCOL: PHASE TWO

Do not enter the courts if:

- you have any COVID-19 symptoms (cough, sneezing, elevated temperature, shortness of breath, loss of taste or smell).
- in the last 14 days you have been in contact with someone who has COVID-19.

All players must be members and do need to make a reservation through the Courts App.

No guests or spectators are allowed.

Courts are now open for singles and doubles.

All players must maintain proper social distance (6 ft. apart) at all times.

You **MUST** wear a mask when entering/leaving the courts.

You are not required to wear a mask during play IF you maintain proper social distancing.

Juniors 12 and under may play together with adult supervision on court.

You play at your own risk.

Leave the court no more than 15 minutes before your reservation is over.

There should be no more than 3 balls per person total on each court unless you are having a lesson. Label your balls with the tennis court number on which you are playing.

If you need to retrieve an errant ball from another court, use your racquet or foot. Do **NOT** touch tennis balls unless they are yours.

Bring only what you need to play and take everything with you that you brought to the court.

Place all personal items at least six feet from personal items of other players who are not family.

No handshakes, racquet bumps, or physical contact between players.

No socializing before or after tennis.

The clubhouse and bathrooms remain closed for tennis but the tennis bathroom is open for use. Security cameras are in use.

We reserve the right to observe the tennis courts regularly and ask members to leave if rules are not followed—and truly hope that will not be necessary.
